The man who sighed for the wings of a dove probably did not know that the legs were much better eating.

There was plenty of frost yesterday morning, but it is not thought there was much further damage done to vegetation.

There was a lively egg market yesterday, and hundreds, perhaps thousands of dozens, changed hands on the Square, 8 cents per dozen being the ruling price.

"All Cleveland has been on wheels for two weeks," says the Herald. It is a skating-rink which attracts their attention, and tournaments and masquerade balls are of very frequent occurrence.

Cleveland Herald: S. Swartz, representing the well known houses of D. B. Loveman & Co., at Chattanooga and Knoxville, is stopping at the Occo House for a few days, where he will show a full line of samples.

The Cleveland Odd Fellows, as we see from the Herald, are to have a grand celebration at that place on Saturday, 20th inst., the ceremonies to be participated in by several Lodges from neighboring points. Addresses are to be delivered by Rev. J. S. Petty, Rev. N. W. Motheral and others.

Messrs. Sanford, Chamberlain & Aibers:

GENTS: I have been troubled for years with cramps and pains in my body, and limbs and after trying many things, I am clearly of the opinion that your Hart's Great Relief is the best medicine in the world, as it always relieves me in from one to three minutes. I write this that others similarly afflicted may relieve themselves by using it, and also because I feel that it is due to you that this much be said.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections also a positive and radical cure for nervous debility, and all nervous complaints, after having tested its wonderful curative power in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it this receipt with full directions for preparing and using in German, French and English. Sent by mail by address with stamp naming this paper, W. W. Sherar, 149 Powers Block, Rochester, New York.

Knights of Honor.

The Grand Lodge of Tennessee, Knights of Honor, met in fourth annual session in Nashville Wednesday, Grand Dictator John W. Childress presiding.

A large number of members and representatives were in attendance. Among them we notice the following from different parts of East Tennessee: L. A. Graiz, G. B. Burleson, S. P. Angel, from Knoxville; J. Bunting, M. G. Butler, Bristol; Creed F. Bates, Lewis Williams, Cleveland; W. S. Gaston, Athens; C. L. Sevier, Greenville; R. M. Chapman, Cane Creek; D. Hart, Careyville; W. H. Dwyer, Jonesboro; W. C. Carden, Ducktown; J. C. Cowan, Rogersville; J. M. Bewly, Morristown; H. C. Remine, Limestone; H. W. Moore, Leadville.

The salary of the Grand Reporter for the past year was increased from \$500 to \$1,000, on account of extra services in the yellow fever.

Three hundred dollars was allowed the Grand Dictator for his services for the past year.

An appeal from Murfreesboro Lodge, involving several intricate points of parliamentary law, was referred to a special committee consisting of L. A. Graiz, R. L. C. White and A. V. Warr.

Knights of Honor.

At the session in Nashville Thursday of the Grand Lodge of Tennessee, Knights of Honor, the Grand Reporter presented his annual report, from which the following facts are taken:

Number of members at last report, December 31, 1877, 3,814; added during the year, 1,167; withdrawn, suspended, died, etc., 489; net gain, 681, making the present number of members, 4,495, whereas the present number of members, as shown by the reports, is 4,367, showing a deficiency unaccounted for, which is caused by errors in reports, 128; number initiated during the year, 1,032; number admitted by card, 46; reinstated, 69. Total, 1,167. Withdrawn, 59; suspended, 266; expelled, 4; died, 167. Total, 489. Gain, 681.

This statement does not include members of new lodges instituted since September 28, 1878, since which date ten new lodges report 184 charter members. The receipts of the Grand Lodge from April 12, 1878, to March 31, 1879, were \$5996.10, and the disbursements, \$5991.95, leaving a balance of \$2004.15. At the commencement of the present term the Grand Lodge was indebted to the Supreme lodge, on account, \$2483.71, all of which has been paid, and the sum of \$2211.76, in available assets, over all liabilities, is found, after paying all indebtedness, supplies and expense for the past year.

The following officers were elected for the year:

F. Smithson, of Polaski, G. D.; J. F. Jones, Jackson, G. V. D.; F. Bunting, Bristol, G. A. D.; J. C. Cowan, Rogersville, G. Chaplain; Ben. K. Pullen, Memphis, G. Recorder; D. F. Good-year, Memphis, G. Treasurer; Jax. L. McGan, Franklin, G. Guide; S. P. Angel, Knoxville, G. Guard; W. T. Auten, Nashville, G. Sentinel; J. B. Aldrich, Memphis, C. L. Sevier, Greenville; and J. Ellis, Nashville, Grand Trustees.

Supreme Lodge Representatives Burk Bond, of Franklin, and L. A. Graiz, of Knoxville, submitted interesting and valuable reports, which were ordered published with the proceedings.

HEIKELL'S STATION, April 12, 79.

MR. EDITOR: Our little 'burg has been rather dull for the past few days, owing to the busy time among the farmers, who by the way, are preparing to plant a much larger crop, than that of last year. The prospect for wheat in this part of the county, is not very flattering; some farmers are preparing for corn, and other crops, the land they had sown in wheat.

Our peach crop will be a total failure, and as we have some very fine orchards in the vicinity, the loss to some of our farmers, will almost equal that of any other crop.

Heiskell's has now in a very flourishing condition its first ten months school; Prof. E. L. Patterson, Principal, Miss Cora Patterson, Assistant. Prof. Patterson was employed to teach an eight months school; there not being money in the treasury to justify a longer term, but the Professor and his accomplished assistant did such efficient work as teachers that the people were awakened to their interest, and very liberally contributed funds sufficient to continue the school ten months. The people are not wealthy, but are using every endeavor to make their school a success, and the attendance is well kept up considering the busy time among the farmers. We think the Professor the right man, in the right place, and should the people of Heiskell's be fortunate enough to secure his services for the next term, they may well boast of their school.

As ever the whistle of the locomotive is hailed with delight every Wednesday, as it brings to us the CHRONICLE.

Remedy for Hard Times.

Stop Spending so much on fine clothes, rich food and style. Buy good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quack doctors or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple, pure remedies, Hop Bitters, that cures always at a trifling cost, and you will see better times and good health. Try it once. Read of it in another column.

Exhibit of the Wheeler & Wilson Company at Paris.

From Frank Leslie's Illustrated. When samples of the best products of all nations are brought together for inspection and comparison, with a view to determining the relative and absolute merits of the various exhibits, to be certified by the verdicts of juries composed of the most competent judges in every department of the sciences and the arts, a decisive and unmistakable declaration of superiority in favor of any important product over all others of its kind is a matter upon which to congratulate the producer and a just ground of national pride.

At the Exposition Universelle, Paris, 1878, there were some 52,000 exhibits. The number of awards, comprising 133 grand prizes, some 2,000 ordinary gold medals, and a multitude of silver and bronze medals and honorable mentions, aggregated about 30,000.

Of the grand prizes nine only were awarded to exhibitors from the United States, of which one was for a species of labor-saving machinery which, in relieving millions from drudgery, has proved a rich blessing to the human race. We refer to the sewing-machine and the exhibit of the Wheeler & Wilson Manufacturing Company.

After the success of this company at Paris in 1867, Vienna in 1873, and Philadelphia in 1876, their recent overwhelming and decisive victory at Paris is not surprising, but none the less gratifying on that account.

At this Exposition, extraordinary measures were taken to secure judges of the highest qualifications and unquestionable impartiality, to subject all machines and processes to the most thorough and exhaustive tests, and to adopt every safeguard against the making of awards upon any other grounds than the real merits of the exhibits. The fact that out of some eighty exhibitors of sewing-machines from all the world, Wheeler & Wilson received the only grand prize, is authoritatively shown by the subjoined certificate, would seem to place the superiority of their machines above all others beyond question.

Inasmuch as the art of sewing by machinery owed its origin and development almost exclusively to American genius, it is particularly gratifying to know that an American firm is still leading the world in this department of manufactures by producing machines which the highest possible authorities declare the best in the world, after many thousands of persons in the sewing-rooms and workshops of every country have long known the fact from actual use of the steady-going little thread carrier.

PARIS, 8th November, 1878.

I have examined the official list of awards at the Universal Exposition, as published by the French Authorities, and find that only one Grand Prize was awarded for Sewing Machines; that was given to the Wheeler & Wilson Company of New York.

The Grand Gold Medal and Diploma were delivered to me at the Palais de l'Industrie, October 21, and by me at once given to the representative of that company at the Exposition. (Signed) R. C. MCCORMICK, Com. General. April 13th & wit

Everything Goes Wrong

In the badly mechanism when the liver gets out of order. Constipation, dyspepsia, contamination of the blood, imperfect assimilation, are certain to ensue. But it is easy to prevent these consequences, and remove their cause, by a course of Hostetter's Stomach Bitters, which stimulates the biliary organ and regulates its action. The direct result is a disappearance of the pains beneath the ribs and through the shoulder blade, the nausea, head ache, yellowness of the skin, furred look of the tongue, and sour odor of the breath, which characterize liver complaint. Sound digestion and a regular habit of body are blessings also secured by the use of this celebrated restorative of health, which imparts a degree of vigor to the body, which is the best guarantee of safety from malarial epidemics. Nerve weakness and over-tension are relieved by it, and it improves both appetite and sleep.

Cumberland Presbyterianism.

The Knoxville Presbyterian Church, in connection with Dover congregation, Hamilton county, Tennessee, Friday, April 14, 11 o'clock a. m. The opening sermon was preached by Rev. R. D. Park, the retiring Moderator. The Presbytery was then constituted by prayer by Rev. Wm. Samples, who was elected Moderator, and Rev. A. A. Starns Secretary, pro tem, for the present session.

Rev. G. W. Putnam was appointed Principal, and Rev. J. B. Dobson Alternate to attend the General Assembly, which meets at Memphis, Tennessee, May 15th, 1879.

The Presbytery adjourned, to meet with the Tabernacle Station congregation, Thursday, 11 o'clock a. m., preceding the first Sabbath in October, 1879. — Whitesboro Times
